

THE BRAINERD DAILY DISPATCH

Volume 21, Number 58

BRAINERD, MINNESOTA, TUESDAY, AUGUST 9, 1921

Price Three Cents

FRONT STREET IS TO BE PAVED WITH CEMENT

RICHES & SON ARE AWARDED CONTRACT BY CITY COUNCIL

WORK IS EXPECTED TO BE UNDER WAY BY MONDAY, AUGUST 15TH

FRONT TO BE PAVED FROM 4TH TO 5TH, ALSO 6TH FROM FRONT TO TRACKS

At a special meeting Monday evening the city council took another step ahead in making Brainerd one of the most progressive and cleanest looking cities in the state by ordering cement paving on Front street from Fourth to Eighth streets and also ordering the paving of the small section from Front to the railway tracks on Sixth street.

There were four bidders for the paving job and it was awarded to Riches & Son of Superior, Wis., who made such good record in Oak street paving. The total cost will be \$26,645.40, plus inspection and other charges.

Through the cooperation of a group of public spirited citizens headed by George D. LaBar and R. R. Wise the council was able to make the paving a success.

Four Bidders

On motion of Aldermen Lyonnais and Bukowski the bids were opened. Riches & Son of Superior, Wis. successful bidders, bid \$1.30 a cubic yard for excavating, and \$2.70 a square yard for crushed rock-concrete paving.

Ostrand & Hallett of Crosby bid \$1.10 per cubic yard for excavating and \$2.70 a square yard for gravel-concrete, \$2.85 per square yard for crushed rock-concrete.

Campbell Construction Co. of Minneapolis bid \$1.50 per cubic yard for excavating, \$2.85 per square yard for gravel-concrete, \$2.99 per square yard for crushed rock-concrete.

Hughes Bros. & Co. of Duluth bid \$1.25 per cubic yard for excavating, \$2.92 per square yard for gravel-concrete, \$3.04 per square yard for crushed rock-concrete.

Extent of Paving

The new paving will run from the east line of Fourth street along Front street to the west line of Eighth street; also the small job of paving from the south line of Front street on South Sixth street to the railway tracks.

That property owners are cooperating in this movement is the fact that R. R. Wise, who will pay \$3,000 in paving, is an enthusiastic worker for the betterment of the street.

South Sixth Street Next

It was the general understanding of the council that the next section of the city to see cement paving inaugurated is South Sixth street and after all preliminaries are arranged that project is expected to be taken up early next spring.

Charter Amendment

The city council was asked by the water and light board to submit to the charter commission an amendment raising the hydrant rental.

Auto Crash Six Injured

Anderson, Ind., Aug. 9.—Wm. Widener, 50, was probably fatally hurt and five other persons living at Lapel were injured today when Widener's car was demolished in a collision with a heavier car at the road crossing south of here.

Peace if the Irish Factions Can Agree

London, Aug. 9.—The Irish peace agreement lay solely with Sin Fein and Ulster today. Great Britain removed all doubt of her intention to give the Irish opportunity to act on her peace proposals when she released all Dan Eireann members who have been in jail. There was obvious relief in British newspapers over the prompt action of the government in ordering the release of John J. McKeown convicted member of the Irish parliament, whose detention threatened to upset all the negotiations.

PRESIDENT WILL OPEN THE DISARMAMENT CONFERENCE IN PERSON

(By United Press)

Washington, Aug. 9.—President Harding probably will open the Washington disarmament and Pacific conference personally with an address of welcome, it was strongly indicated on high authority today at the White House.

LARGE PASSENGER STEAMER AGROUND IN PACIFIC OCEAN

IS IN IMMEDIATE DANGER—PASSENGERS AND CREW CALM—BOATS RUSHING TO AID

(By United Press)

San Francisco, Aug. 9.—The passenger steamer San Jose of the Pacific mail is aground off San Pablo reef on Assunition Island and is in immediate danger, according to a radio received here today by the merchant exchange from the captain of the vessel.

Assunition island is off the coast of lower California. The passengers are taking the situation calmly, the captain reported. No panic resulted. The vessel carried a crew of thirty-six and sixty-six passengers. The boat is resting easy at present, the report said but is in danger of breaking up.

The steamer Giffa reported its position as fifteen miles north of Ensenada on the coast of lower California and is rushing to the aid of the San Jose, which is three hundred miles away, and will arrive about 8 a. m. Wednesday.

Destroyer Goes to Aid of Steamer

San Diego, Calif., Aug. 9.—The destroyer Forquhar left San Diego late last night and will arrive at Assunition island at noon today to aid the stricken steamer San Jose.

Passengers are Removed

San Francisco, Aug. 9.—Passengers aboard the steamship San Jose on the rocks off Assunition island, were removed today.

Sixty-six persons aboard the vessel were taken off in small boats and arrangements made to land them on the lower California coast, according to radio messages received here from the vessel. A hole in the bottom of the vessel was the result when the boat landed on the rocks allowing the water to pour into the lower hold. The crew it was believed, will remain until relief boats have arrived or until the danger becomes more acute.

ENGLAND THREATENS TO STOP MILITARY AID OF FRANCE

IF THE LATTER IS THROWN INTO WAR OVER UNJUST DIVISION OF SILESIA

WEBB MILLER (Staff Correspondent United Press)

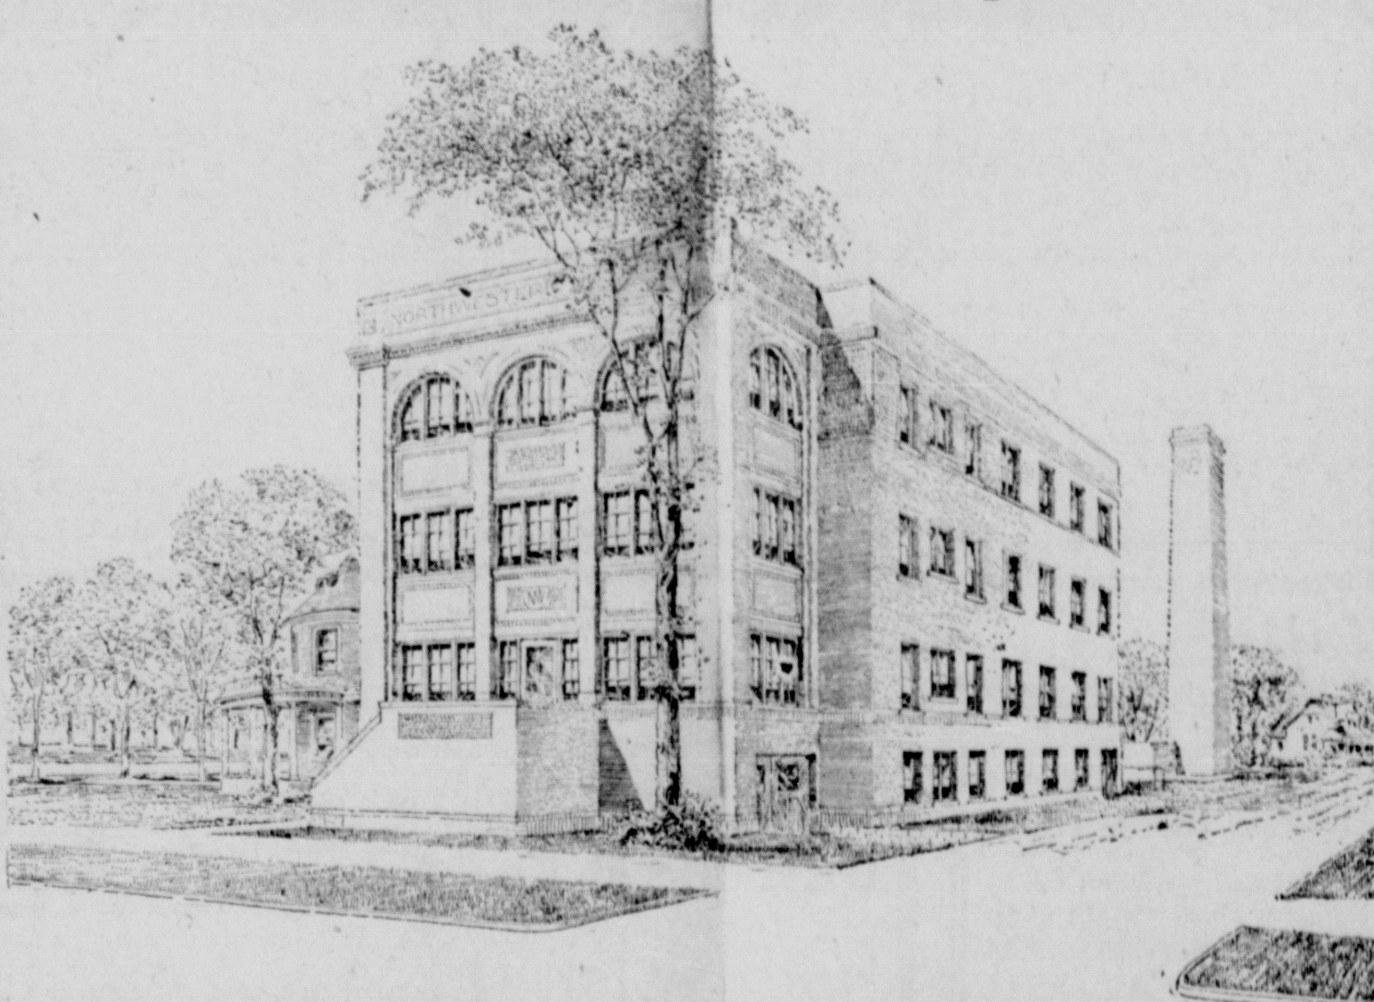

Paris, Aug. 9.—Premier Lloyd George of Great Britain, warned France today that her military support will be withdrawn, if France is thrown into war by unjust division of Upper Silesia.

Lloyd George declared that Silesia must be divided according to the plebiscite held last spring. The British premier made his statement before the allied supreme council, which decided today against sending additional troops into Silesia.

Continue Embargo on Dyes

Washington, Aug. 9.—Continuation of the virtual embargo upon the importation of dyes and chemicals until the expiration of the emergency tariff law on November 27 was approved by the house ways and means committee today.

New Northwestern Hospital

NEW BRAINERD HOSPITAL OF THE NORTHWESTERN MEDICAL & SURGICAL ASSOCIATION

The above is the new Brainerd hospital of the Northwestern Medical & Surgical Association. It will face Kingwood street. Work has been started on the building and it is expected that all contracts will be let next week. It is planned to occupy the building this fall.

J. O. Cederberg of St. Paul is the architect and his plans provide for a building of the most modern and convenient design.

SENATE PASSES ANTI-BEER BILL BY 39-20 VOTE

DRY AGENTS BARRED SEARCH OF PRIVATE PREMISES WITHOUT WARRANT

Washington, Aug. 9.—The Willis-Campbell anti-beer bill was passed by the senate late yesterday 39 to 20, and sent to conference with the house with the prospect of its final enactment before the week ends.

Upon being informed of the action, treasury officials said that the beer regulations which have been drafted and are ready for Secretary Mellon's signature would not be issued pending action by senate and house conferees. The regulations would provide for use of medical beer under the ruling of former Attorney General Palmer, a ruling which the bill is designed to overcome.

Prescriptions Limited

The ban against the prescribing of beer by physicians, and limitations of prescriptions of wine and whiskey contained in the bill as passed by the house were virtually unchanged by the senate but a few important amendments were added. These included a provision to restrict operations of prohibition enforcement officers by prohibiting searches or any attempts at searching of private property or premises without search warrants. A violation of this clause would be a misdemeanor subject to fine of \$1,000 and one year's imprisonment. Penalties of five years imprisonment and \$1,000 fine were provided for persons attempting searches while posing as prohibition agents.

Mrs. Mahoney's Body Found In Trunk at Lake Union

(By United Press)

Seattle, Wash., Aug. 9.—A body found in a trunk at Lake Union was identified today as Mrs. Kate Mahoney.

Identification of the body found yesterday, is the last link in the chain of evidence against James E. Mahoney, her husband, authorities said.

Attempts were made to wring a confession from Mahoney.

Finding of the body in the trunk ended weeks of search. Mahoney has been charged with murder, but prosecution was held up pending recovery of the body. Mrs. Mahoney disappeared when they were on their honeymoon in St. Paul.

MAGAZINE BLAST KILLS 2,000 PERSONS IN TOKIO, JAPAN

(By United Press)

Tokio, Aug. 9.—An explosion in the Hno Shima artillery magazine is reported to have killed and injured over two thousand persons.

FARMERS PROGRAM PROGRESSES IN THE U. S. SENATE

ATTENTION NOW CENTERED ON THE BILL TO PUT THE GRAIN GAMBLERS OUT OF BUSINESS

(By United Press)

Washington, Aug. 9.—The farmers program marched on in the senate today.

Having passed the administration bill to put the farmer back in business by giving him a market, the agricultural bloc, today turned its attention to pitting the grain gamblers out of business.

This is hoping to do through two measures:

1. The Capper-Tincher anti-grain gambling bill.

2. An investigation of alleged efforts of grain gamblers to wreck the farmer cooperative movement. The first became the senate's unfinished business today.

It imposes a heavy tax on all dealers in grain futures. It surrounds legitimate traders on stock exchanges with safeguarding rules. It admits cooperative associations to membership on grain exchanges. It attempts to curb "bucket shopping" by requiring rigid control of the leased wires used by grain exchanges and dealers.

The second measure, a resolution by Kenyon, calls for an inquiry by the senate agricultural committee of an alleged conspiracy by certain boards of trade to destroy the recently launched farmer cooperative grain exchange.

President Signs Soldiers Relief Reorganization Bill

(By United Press)

Washington, Aug. 9.—The Sweet bill providing for the reorganization of the soldier relief was signed by President Harding today.

The bill based on recommendations of Brigadier General Chas. G. Dawes, created a veterans' service bureau out of the soldier relief section of the war risk bureau, the federal board of vocational training and public health service.

Chas. R. Forbes, of Washington, was nominated director of the veterans' bureau.

FARM CROP POOR; WILL NOT PAY THE FARMERS' OBLIGATIONS

(By United Press)

St. Paul, Aug. 9.—The farmer is not getting a crop that will enable him to pay his obligations and he will have to seek additional credit if he is to get the cost of production out of his crop, L. E. Potter, president of the Minnesota Farm Bureau Federation, said today.

"Minnesota farmers will face a desperate situation," he said. "I have just returned from a tour of the state. Harvest fields in many places will yield little better than half the usual crop."

EVIDENCE PILING UP AGAINST BURCH IN KENNEDY CASE

GARAGE MAN TESTIFIES HE RENTED CAR TO BURCH IN WHICH MURDERER ESCAPED

(By United Press)

Los Angeles, Aug. 9.—New evidence continues to come to light almost hourly in the Kennedy murder case here today, the total piling up with astounding rapidity on the eve of the final inquest by the coroner's jury.

A car alleged to have been rented by Arthur C. Burch before the Beverly Glen murder, was disclosed during the night. Lynn Keith, garage man who rented the car, was taken to the county jail where he promptly identified Burch as the man who had secured the machine.

Detectives declare that the peculiar tire tread on the machine compared with the track found on the road at Beverly Glen in the early dawn Saturday near where Kennedy had been shot to death.

"I rented the machine to this man, who gave his name as Jones, at 7 o'clock Friday night," Keith said today. "He returned it at 11:10 p. m." Burch retained his remarkable nerve and good spirits today despite the apparently rising tide of circumstantial evidence.

Mrs. Madelynn Obenchain, who figured as "the woman in the case," was almost completely unstrung, and was threatened with a total collapse. She was said to have fainted yesterday behind locked doors of the district attorney's office when confronted with Burch, alleged to be one of her former flames of the Northwestern university days.

Mrs. Obenchain Lived in N. D.

Fessenden, N. D., Aug. 9.—Pretty Madelynn Obenchain used to live here. A relative, John Connor, now operates the hotel formerly owned by Madelynn's father who is now dead. The girl who is held in connection with the Kennedy murder at Los Angeles, graduated from the Catholic seminary at Jamestown before she went to the Northwestern university at Chicago.

Her mother and father were divorced before he died, according to relatives here, and Mrs. Connor married Charles Smart, of St. Paul. They are now in Los Angeles.

Wife Believes He Is Innocent

Ludington, Mich., Aug. 9.—The wife of Arthur C. Burch, held in connection with the murder of J. B. Kennedy at Los Angeles, sobbed his innocence today.

Mrs. Burch, daughter of Bishop Wm. A. Quayle, of St. Louis, is suing her husband for divorce charging gross neglect and cruelty.

"I prayed for a reconciliation for the baby's sake," said Mrs. Burch. "He brought us here last May and never returned. He never liked the baby. I am quite sure he is innocent of the Kennedy murder."

It Always Costs Him a Stroke. Nothing is more disconcerting to a middle-aged golfer than to be asked by the young lady who is watching him drive off whether he intends to enter the grandfather's tournament.

RESPONSIBILITY FOR THE LOSS OF ALASKA NOT FIXED BY JURY

RETURNS VERDICT THAT DEATHS OF PASSENGERS WERE CAUSED BY DROWNING AND SHIP WRECK

M. D. TRACY (United Press Staff Correspondent)

Eureka, Calif., Aug. 9.—Responsibility for the wreck of the steamer Alaska Saturday night with the loss of forty-five lives must be determined by others than the local authorities.

A coroner's jury which held an inquest over one of the seventeen bodies which have been recovered, returned the simple verdict, "death by drowning and shipwreck."

The tale of the steamer striking Blunt's reef during the fog was retold at the inquest and charges were made of inefficiency in handling improperly equipped lifeboats, but little new was added to the details already known.

Most of the 106 survivors had left Eureka today. A few injured remained.

During the night watchfires were kept burning on the beach and patrols trudged along the sands of Cape Mendocino in hopes that some of the human forms would come to shore.

Fix Responsibility

San Francisco, Aug. 9.—A further investigation to fix responsibility for the Alaska disaster was expected to get under way here today.

Many of the survivors began arriving here today, most of them coming on the steamer Anjox.

GOVERNOR'S OFFICE IN ILLINOIS MAY BE THE COUNTY JAIL

GOVERNOR SMALL SAYS HE WILL GO TO JAIL IF ARRESTED AND NOT GIVE BONDS

(By United Press)

Springfield, Ill., Aug. 9.—The executive office of the state may be moved to the Sangamon county jail.

This became probable today when it became known that Governor Len Small, indicted for alleged juggling, was determined to go to jail rather than surrender and give bond.

Small who is now spending the second day at the capital, on whom Judge E. Smith ordered warrants served two weeks ago, insisted that he was not subject to arrest and threatened to bring suit against Smith's bondsmen in case he is molested. It is understood the bondsmen of Sheriff Mester, who include Richard Sullivan, political boss of Sangamon county, have held consultations and decided to risk the \$10,000 bond and advise Mester to make the arrest.

Sheriff Waits to Take Governor

Springfield, Aug. 9.—Sheriff Mester armed with warrants charging Governor Len Small with embezzling millions of the state funds, played watch log outside of the governor's office today.

Going to the capitol for a showdown with the indicted executive, Mester stationed himself outside Small's door and waited for the governor to appear.

With Mester were two Springfield policemen and a handful of deputies. "We have extended every possible courtesy to the governor and now we will take him by force if necessary," the sheriff said.

HARDINGS BACK IN WASHINGTON

(By United Press)

Washington, Aug. 9.—Deeply tanned, and visibly benefited by twelve days divided between sailing on the ocean and resting in the hills of New Hampshire, President Harding returned to Washington at 9:30 a. m. today to resume his cares of state.

THE BRAINERD DAILY DISPATCH

Volume 21, Number 58

BRAINERD, MINNESOTA, TUESDAY, AUGUST 9, 1921

Price Three Cents

FRONT STREET IS TO BE PAVED WITH CEMENT

RICHES & SON ARE AWARDED CONTRACT BY CITY COUNCIL

WORK IS EXPECTED TO BE UNDER WAY BY MONDAY, AUGUST 15TH

FRONT TO BE PAVED FROM 4TH TO 8TH, ALSO 6TH FROM FRONT TO TRACKS

At a special meeting Monday evening the city council took another step ahead in making Brainerd one of the most progressive and cleanest looking cities in the state by ordering cement paving on Front street from Fourth to Eighth streets and also ordering the paving of the small section from Front to the railway tracks on Sixth street.

There were four bidders for the paving job and it was awarded to Riches & Son of Superior, Wis., who made such good record in Oak street paving. The total cost will be \$26,645.40, plus inspection and other charges.

Through the cooperation of a group of public spirited citizens headed by George D. LaBar and R. R. Wise the council was able to make the paving a success.

Four Bidders

On motion of Aldermen Lyons and Bukowski the bids were opened. Riches & Son of Superior, Wis., successful bidders, bid \$1.30 a cubic yard for excavating, and \$2.70 a square yard for crushed rock-concrete paving.

Ostrand & Hallett of Crosby bid \$1.10 per cubic yard for excavating and \$2.70 a square yard for gravel-concrete, \$2.85 per square yard for crushed rock-concrete.

Campbell Construction Co. of Minneapolis bid \$1.50 per cubic yard for excavating, \$2.85 per square yard for gravel-concrete, \$2.99 per square yard for crushed rock-concrete.

Hughes Bros. & Co. of Duluth bid \$1.25 per cubic yard for excavating; \$2.92 per square yard for gravel-concrete; \$3.04 per square yard for crushed rock-concrete.

Extent of Paving

The new paving will run from the east line of Fourth street along Front street to the west line of Eighth street; also the small jog of paving from the south line of Front street on South Sixth street to the railway tracks.

That property owners are cooperating in this movement is the fact that R. R. Wise, who will pay \$3,000 in paving, is an enthusiastic worker for the betterment of the street.

South Sixth Street Next

It was the general understanding of the council that the next section of the city to see cement paving inaugurated is South Sixth street and after all preliminaries are arranged that project is expected to be taken up early next spring.

Charter Amendment

The city council was asked by the water and light board to submit to the charter commission an amendment raising the hydrant rental.

Auto Crash Six Injured

Anderson, Ind., Aug. 9.—Wm. Widener, 50, was probably fatally hurt and five other persons living at Lapel were injured today when Widener's car was demolished in a collision with a heavier car at the road crossing south of here.

Peace if the Irish

Factions Can Agree

London, Aug. 9.—The Irish peace agreement lay solely with Sin Fein and Ulster today. Great Britain removed all doubt of her intention to give the Irish opportunity to act on her peace proposals when she released all Dail Eireann members who have been in jail. There was obvious relief in British newspapers over the prompt action of the government in ordering the release of John J. McKeown convicted member of the Irish parliament, whose detention threatened to upset all the negotiations.

FARMERS PROGRAM PROGRESSES IN THE U. S. SENATE

ATTENTION NOW CENTERED ON THE BILL TO PUT THE GRAIN GAMBLERS OUT OF BUSINESS

(By United Press)

Washington, Aug. 9.—The farmers program marched on in the senate today.

Having passed the administration bill to put the farmer back in business by giving him a market, the agricultural bloc, today turned its attention to pitting the grain gamblers out of business.

This is hoping to do through two measures:
1. The Capper-Tincher anti-grain gambling bill.
2. An investigation of alleged efforts of grain gamblers to wreck the farmer cooperative movement. The first became the senate's unfinished business today.

It imposes a heavy tax on all dealers in grain futures. It surrounds legitimate traders on stock exchanges with safeguarding rules. It admits cooperative associations to membership on grain exchanges. It attempts to curb "bucket shopping" by requiring rigid control of the leased wires used by grain exchanges and dealers.

The second measure, a resolution by Kenyon, calls for an inquiry by the senate agricultural committee of an alleged conspiracy by certain boards of trade to destroy the recently launched farmer cooperative grain exchange.

President Signs Soldiers Relief Reorganization Bill

(By United Press)

Washington, Aug. 9.—The Sweet bill providing for the reorganization of soldier relief was signed by President Harding today.

The bill based on recommendations of Brigadier General Chas. G. Dawes, created a veterans' service bureau out of the soldier relief section of the war risk bureau, the federal board of vocational training and public health service.

Chas. R. Forbes, of Washington, was nominated director of the veterans' bureau.

FARM CROP POOR: WILL NOT PAY THE FARMERS' OBLIGATIONS

(By United Press)

St. Paul, Aug. 9.—The farmer is not getting a crop that will enable him to pay his obligations and he will have to seek additional credit if he is to get the cost of production out of his crop, L. E. Potter, president of the Minnesota Farm Bureau Federation, said today.

"Minnesota farmers will face a desperate situation," he said. "I have just returned from a tour of the state. Harvest fields in many places will yield little better than half the usual crop."

EVIDENCE PILING UP AGAINST BURCH IN KENNEDY CASE

GARAGE MAN TESTIFIES HE RENTED CAR TO BURCH IN WHICH MURDERER ESCAPED

(By United Press)

Los Angeles, Aug. 9.—New evidence continues to come to light almost hourly in the Kennedy murder case here today, the total piling up with astounding rapidity on the eve of the final inquest by the coronor's jury.

A car alleged to have been rented by Arthur C. Burch before the Beverly Glen murder, was disclosed during the night. Lynn Keith, garage man who rented the car, was taken to the county jail where he promptly identified Burch as the man who had secured the machine.

Detectives declare that the peculiar tire tread on the machine compared with the track found on the road at Beverly Glen in the early dawn Saturday near where Kennedy had been shot to death.

"I rented the machine to this man, who gave his name as Jones, at 7 o'clock Friday night," Keith said today. "He returned at 11:10 p. m."

Burch retained his remarkable nerve and good spirits today despite the apparently rising tide of circumstantial evidence.

Mrs. Madelynne Obenchain, who figured as "the woman in the case," was almost completely unstrung, and was threatened with a total collapse. She was said to have fainted yesterday behind locked doors of the district attorney's office, when confronted with Burch, alleged to be one of her former flames of the Northwestern university days.

Her mother and father were divorced before he died, according to relatives here, and Mrs. Connor married Charles Smart, of St. Paul. They are now in Los Angeles.

Wife Believes He Is Innocent

Ludington, Mich., Aug. 9.—The wife of Arthur C. Burch, held in connection with the murder of J. B. Kennedy at Los Angeles, sobbed his innocence today.

Mrs. Burch, daughter of Bishop Wm. A. Quayle, of St. Louis, is suing her husband for divorce charging gross neglect and cruelty.

"I prayed for a reconciliation for the baby's sake," said Mrs. Burch. "He brought us here last May and never returned. He never liked the baby. I am quite sure he is innocent of the Kennedy murder."

It Always Costs Him a Stroke.
Nothing is more disconcerting to a middle-aged golfer than to be asked by the young lady who is watching him drive off whether he intends to enter the grandfather's tournament.

RESPONSIBILITY FOR THE LOSS OF ALASKA NOT FIXED BY JURY

RETURNS VERDICT THAT DEATHS OF PASSENGERS WERE CAUSED BY DROWNING AND SHIP WRECK

M. D. TRACY

(United Press Staff Correspondent)

Eureka, Calif., Aug. 9.—Responsibility for the wreck of the steamer Alaska Saturday night with the loss of forty-five lives must be determined by others than the local authorities.

A coronor's jury which held an inquest over one of the seventeen bodies which have been recovered, returned the simple verdict, "death by drowning and shipwreck."

The tale of the steamer striking Blunt's reef during the fog was retold at the inquest and charges were made of inefficiency in handling improperly equipped lifeboats, but little new was added to the details already known.

Most of the 106 survivors had left Eureka today. A few injured remained.

During the night watchfires were kept burning on the beach and patrols trudged along the sands of Cape Mendocino in hopes that some of the human forms would come to shore.

Fix Responsibility

San Francisco, Aug. 9.—A further investigation to fix responsibility for the Alaska disaster was expected to get under way here today.

Many of the survivors began arriving here today, most of them coming on the steamer Anyox.

GOVERNOR'S OFFICE IN ILLINOIS MAY BE THE COUNTY JAIL

GOVERNOR SMALL SAYS HE WILL GO TO JAIL IF ARRESTED AND NOT GIVE BONDS

(By United Press)

Springfield, Ill., Aug. 9.—The executive office of the state may be moved to the Sangamon county jail.

This became probable today when it became known that Governor Len Small, indicted for alleged juggling, was determined to go to jail rather than surrender and give bond.

Small who is now spending the second day at the capital, on whom Judge E. Smith ordered warrants served two weeks ago, insisted that he was not subject to arrest and threatened to bring suit against Smith's bondsmen in case he is molested.

It is understood the bondsmen of Sheriff Mester, who include Richard Sullivan, political boss of Sangamon county, have held consultations and decided to risk the \$10,000 bond and advise Mester to make the arrest.

Sheriff Waits to Take Governor
Springfield, Aug. 9.—Sheriff Mester armed with warrants charging Governor Len Small with embezzling millions of the state funds, played watch log outside of the governor's office today.

Going to the capitol for a showdown with the indicted executive, Mester stationed himself outside Small's door and waited for the governor to appear.

With Mester were two Springfield policemen and a handful of deputies. "We have extended every possible courtesy to the governor and now we will take him by force if necessary," the sheriff said.

HARDINGS BACK IN WASHINGTON

(By United Press)

Washington, Aug. 9.—Deeply tanned, and visibly benefited by twelve days divided between sailing on the ocean and resting in the hills of New Hampshire President Harding returned to Washington at 9:30 a. m. today to resume his cares of state.

THE WEATHER

Forecast for next 24 hours:
Minnesota—Partly cloudy
and somewhat unsettled tonight
and Wednesday probably thun-
der showers in the north por-
tion. Cooler Wednesday and in
the northwest portion tonight.

Cooperative observers record:
Aug. 8—Maximum 80, min-
imum 45. Reading in evening,
70. Northwest wind. Clear.
Aug. 9—Minimum during
the night, 58.

house wife in Brainerd to attend our
big aluminum ware sale starting to-
day. ALDERMAN-MAGHAN CO. 5912

George W. Moody returned this af-
ternoon from a business trip to Min-
neapolis.

Drink Budweiser. 151f

Mrs. Jay O'Brien is visiting her
brother and sister-in-law, Mr. and
Mrs. W. J. McCarthy, in Bemidji.

Special Chicken Dinner at Grand
View Lodge every Sunday from 12
to 2 p. m. 511f

George W. Grewcock, city clerk,
was very sick yesterday. He has re-
covered and is again at work today.

First carload of peaches, Califor-
nia Elbertas, arrived. Your grocer
will supply you. 571f

Ames, Iowa agricultural students
in two touring cars passed through
Brainerd for their camp at nearby
lakes.

The whole south side will soon, by
the simple turn of a gate of the wa-
terworks system, be all on the new
system.

High grade aluminum ware at less
than cheap enameled utensils at AL-
DERMAN-MAGHAN COMPANY. 5912

Farmers cutting hay report the
crop as being lighter than last year.
Intense heat thinned out the stand
just as it affected lawns in the city.

5 Gal. Havoline Medium Oil for
\$4.00. Rosko Brothers. 2601f

Louis Imgrund of the Imgrund Au-
to Co. has gone to Davenport, Iowa,
to bring back the Buick car which
was stolen from the company at Lun-
park.

Special Chicken Dinner at Grand
View Lodge every Sunday from 12
to 2 p. m. 511f

Touring to Minneapolis and back
were Max Markowitz, Dr. A. K. Co-
hen and Ed Levant and parties. They
traveled via Mille Lacs lake and
Princeton.

Miss Ruby Pierson of Minneapolis
is spending two weeks with Mrs. H.
A. Knapp. Miss Pierson parents Mr.
and Mrs. A. A. Pierson lived in
Brainerd.

For Sale—Two used 5-passenger
Buick Automobiles. Imgrund Auto Co.

today for a two weeks' visit with
Mrs. Keuhmichel's aunt, Mrs. Thora
Hanson at Hillsboro, N. D. The
trip is being made in their Buick
six.

Dr. R. A. Hallquist, Veterinarian.
Phone 926-W. 481f

The evenings are warming up
again. The government thermome-
ter Monday evening indicated 70 de-
grees. Some fairly warm weather is
still required to bring the corn crop
to maturity.

Price smashing aluminum ware
sale at ALDERMAN-MAGHAN CO. 5912

There is but one mail box at the
depot platform, the one at the ex-
treme west end of the platform. The
St. Paul train clerk takes all the mail
and sorts it in his car for west and
north.

A. J. Forsyth was badly bruised
and his Ford coupe damaged in an
accident at Crosby. A heavy truck
ran into Mr. Forsyth at a street in-
tersection and shoved the coupe for-
ty feet. The truck man said his
brakes were not working.

R. E. Stephenson's Buick four was
quite badly smashed when struck by
Herman Linnemann's new Buick six.
Linnemann came upon a hay rack in
the dark on the Oak street road and
turned to pass it and the collision
occurred between Stephenson and
Linnemann, head on.

Bush won his game today against
Detroit. It was a batting fest on
both sides. Detroit amassed 5 runs
in seven innings and Boston 7. At
the eighth inning Russell pitched for
Boston and Middleton for Detroit.
Catcher Bassler was pulled out by
Detroit in the sixth inning and was
succeeded by Wgodall.

Special Chicken Dinner at Grand
View Lodge every Sunday from 12
to 2 p. m. 511f

Motoring from St. Cloud and guests
of Mr. and Mrs. John A. McKay at
their summer cottage at Gull lake
and also guests of Mr. and Mrs. F. H.
Gruenhagen in town and country-
side, were Mrs. Barbara Marclay and
daughter, Mrs. Jennie Beckley, Miss
Alice Marclay and Miss Helen Polt-
mer, all of St. Cloud. They return-
ed home this morning.

Drink Budweiser. 151f

New fall woollens in suits to your
measure with two pair of trousers,
\$29 and up. A. J. Cullen & Co. 5915

Mrs. Alfred J. Munn of St. Paul is
visiting her parents, Mr. and Mrs.
David Ebinger of 712 Fourth Avenue
Northeast. Before her marriage in
January she was Miss Lillian Fran-
ces Ebinger. Her husband is the son
of Mr. and Mrs. August Munn of
Crookston and is a nephew of Mi-
cheaud Brothers of St. Paul, who con-
duct a large grocery store and for
whom Mr. Munn is acting as an as-
sistant manager.

Drink Budweiser. 151f

Cast your eyes upon them. What?
Those two trouser suits. All wool
tailor made. \$29 and up. A. J.
Cullen and Co. 5915

Driving from the Round lake road
to the regular Mille Lacs lake high-
way, J. J. Nolan met with an ac-
cident when a Duluth man in a heavy
touring car collided with him. No-
an had driven slowly to the extreme
edge of the swamp to avoid the Du-
luth man. The latter came full
speed and a head on collision re-
sulted. Mr. Nolan had two ribs
broken, his young son was thrown
through the wind shield and was bad-
ly bruised and cut up with glass and
Mrs. Nolan was thrown out of the
car into the swamp. The Duluth
man gave first aid and helped Mr.
Noan and party back to town.

Entertains Class

Mrs. H. A. Knapp entertained the
Alpha class of the First Baptist
church at her home 29 Kingwood
street Monday evening. Twenty-five
members being present.

The class held a fancy work sale
to swell the treasury which was very
successful.

A business and devotional meeting
was held after which the hostess
served an elaborate uncheon

Methodist Ladies Aid

The Methodist Ladies Aid will
meet in the church Wednesday af-
ternoon. Mrs. J. H. Warner, Mrs. T.
E. Welch and Mrs. Arthur Kurz will
entertain. Visitors are welcome.

Ladies Aid Meeting

The Ladies Aid of the People's Con-
gregational church will be held on
the church lawn Wednesday after-
noon. All members are requested to
be present.

Hettinger Schools Will Not Close

Hettinger, N. D., Aug. 9.—Denying a
report that the Hettinger schools
would be closed this year owing to ex-
treme hard times, the school board an-
nounced that the schools will open on
September 12 with a full faculty of 14.

Game Preserve in Clay County

Moorhead, Minn., Aug. 9.—Sportsmen
have started a move for the establish-
ment of a game preserve in Clay coun-
ty to preserve the fast thinning wild
game. If Wilkin county will join, the
preserve may be 18 miles long and 2
miles wide.

UNLIKE THE OLD-TIME DUEL

Recent Affair of Honor in Paris Actu-
ally Appears to Have Been Care-
fully "Chaperoned."

Not long ago a quarrel broke out
between a subprefect and the secretary
general of the prefecture in a depart-
ment of the west. Feeling ran so high
that blows were exchanged. Ex-
changed? No, not quite. The word
isn't quite exact. If they had really
been exchanged, both the enemies
might have thrown up the sponge.
But there was bestowal of slaps by
one of the functionaries and simple
reception without return by the other.
That was serious! Only blood could
adequately wash the offended cheek!
They secured their witnesses, named
the day and bought themselves swords.
But the prefect found out about it. At
first he tried to effect a reconciliation
between the two foes. Vain effort!
Then he tried to use his authority to

forbid their fighting. Useless threat!
They offered him two heroic resig-
nations to win the right to get them-
selves killed.

"Well, then, have your confounded
throats cut, if you want to," he cried.
"But you shall assist at the combat
and I'll hold you responsible for the
lives of both of them," he said to the
chief clerk of the prefecture. "If any-
body gets hurt I shall discharge you!"
The chief clerk obeyed without a
murmur. He chaperoned the encoun-
ter with a huge sword in his hand,
and whenever a blow seemed danger-
ous, he warded off the murderous
weapon. In the end they made it up,
and the prefect was content.—From Le
Crie, Paris.

Jazz Raises Rent.

The agent who was singing the
praises of the summer cottage on the
Michigan shore dwelt with particular
emphasis on one near a more elaborate
house. He then said that the rental
was \$5 a month more than the rest.
"That's because you get music," he
explained.

"Music?" asked the puzzled client.
"What do you mean?"

"Well," was the answer, "the people
who own that house give weekly
dances during the summer. They have
an orchestra on the lawn. You can
hear it and give dances yourself with-
out having to pay."

Strong "Make-Believe."

Donald and his sister Helen delight
in playing house together. Each child
has a house in different parts of the
same room. Helen was making a call
on Donald, and Donald invited her to
sit down on the only chair he had in
his house, while he sat down on a
small bucket, which he had turned
upside down. Finally Donald grew
restless sitting on the upturned
bucket, and in the course of the con-
versation he asked: "How long are
you going to stay?"

"I think I'll stay all night."

Donald twisted around on the little
bucket which was becoming a more
uncomfortable seat all the while, and
said quite emphatically: "Well, if
you're going to stay all night, I guess
you'll have to give me that chair, cuz
I can't stand this bucket."

A Useful Fish.

They have a remarkable fish in
Nova Scotia. It is known as the frost
fish, because it can be frozen solid;
but if placed in water it soon thaws
out and swims around as vigorously
as ever. The natives, we are told, use
this fish in making ice cream.
The fish is caught, frozen and placed
in the cream. In thawing out it
freezes the cream and its movements
at the same time beat the mixture,
making it nice and smooth. It is a
fresh water fish, but the story requires
a lot of salt.

ASK DEATH PENALTY FOR 17 YEAR OLD SLAYER OF MOTHER

PROSECUTOR SAYS HE IS A DANGEROUS CRIMINAL AND DEMANDS EXTREME PENALTY

(By United Press)

Booneville, Ind., Aug. 9.—The extreme penalty—death—will be asked for Willie Deffendoll, 17, confessed slayer of his aged mother, Mrs. Laura Deffendoll, when the case comes up for trial next month.

"I will ask the death penalty," Prosecutor Youngblood said today. "Willie Deffendoll is a dangerous criminal."

The affidavit charging him with first degree murder was read to the boy by Youngblood.

"Do you understand what that means?" Youngblood asked him.

"Yes sir," replied the boy who had confessed to shooting his mother three times.

"Guilty or not guilty?"

"Guilty," he said.

As Deffendoll was led from the room he turned to the prosecutor and according to the latter he said: "But you understand it was an accident."

AMERICANS HELD IN RUSSIA RELEASED

NOTICE OF THEIR RELEASE COMES FROM SEVERAL SOURCES—OUT TODAY

(By United Press)

Washington, Aug. 9.—Americans who have been held prisoners in soviet Russia are nearing Jamburg near Narva, Esthonia, on the Russian border, according to cables made public today by the state department.

The cable from the American representative in Riga and Reval stated that the prisoners started on their way to the frontier yesterday and that they were due in Jamburg this evening.

British Foreign Office Hears of Release

London, Aug. 9.—American prisoners in Russia have been released according to the British foreign office. The foreign office representative at Riga reported he had learned officially that the men were given their freedom.

Official Word Received

Riga, Aug. 9.—Official word received here today that six Americans who have been imprisoned in Russia will leave that country today.

The report came to Commissioner Young.

NORTHWEST NEWS

Airplanes Practical

Winnipeg, Man., Aug. 9.—Airplanes for forest fire patrol have proved practical, according to A. M. McLeod of the forestry service.

Planes are stationed at Lictorial Beach and on Lake Winnipeg. Forest fires which recently threatened large areas in northern Manitoba were discovered by the airplane patrols and men were carried into the region in two and a half hours, where it would have taken two and a half days to reach them by any other means.

Don't Pet Strange Cat

Breckinridge, Minn., Aug. 9.—Warning against petting stray cats and dogs has been issued by city authorities, after one young woman and two children had been given the pasteure treatment as a preventative of possible rabies following scratches and bites from a strange cat which they tried to pet.

The cat was killed and the head sent to Kansas City Medical College. The next day a telegram came to treat the persons bitten. It is thought that the cat was infected by the bite of a dog.

Prison Bars to Separate Them

Bemidji, Minn., Aug. 9.—Only prison bars were strong enough to separate Joe Finch, railroad worker of Nymore, from Joe Osbourne, lumberjack whom Finch met in Bemidji and for whom he conceived a strong liking.

Osbourne, not so well pleased with the friendship, bribed Finch with two dollars to keep away, and when he found the latter had trailed him to Grand Forks, tried another bribe of a square meal. Then Osbourne's railroad ticket was missing and when Finch tried to cash it in, police placed him where he could no longer shadow the lumberjack.

CHIC DRESS FOR SPORT WEAR

This smart sport dress of beige color cotton crepe with long straight lines is relieved from plainness by pleated side panels. The belt, neck and sleeves are finished with faggoting.

BEST WAY TO CLEAN RUGS

Mild Soap With Tepid Water Should Be Used When Floor Coverings Are Washed.

Rugs should be kept clean with a good carpet sweeper or electric vacuum cleaner, as the hard grits of sand will, if not removed, injure the nap. Do not sweep Wilton or Axminster rugs hard at first as the tufts are liable to loosen before they are pressed down by usage.

All Wilton and Axminster rugs are "sheered" when finished, consequently light fluff or loose wool will sweep out for some time. This is a feature of the fabric and not a defect.

Do not pull out any knots or tufts. Cut them off even with the surface of the rug. The tufts in any domestic rug can be deliberately pulled out. This is due to the nature of the weave.

Protect your rugs from bright or strong sunlight, as all domestic rugs will fade some.

When washing is necessary, use mild soap, with tepid, not hot water, else the alkali of stronger cleansers will eat into the surface and destroy the color. Never flood the surface with water. It is best to wash about a yard at a time, rinse with clear water and let dry thoroughly.

Given a coat of varnish, linoleum survives a much longer period of wear. Before varnishing, make sure that the surface is free from grit or grease. Let varnish dry over night before walking on the floor.

Waxed linoleum is easier to clean with a dust mop. Dust and grease will not stick to it.—Detroit News.

TAFFETA HAS CHARM FOR ALL

Fabric Lends Itself to Many Uses for the Wearing Apparel of Milady.

One favorite way of developing a frock fashioned of taffeta material is making a quaint basque bodice and a tiered or scalloped skirt.

Fringes and uncut edgings have disappeared from view, and in their places—even at the beginning of summer—came ruchings of taffeta and queer little wheels and ornaments of lace edging, the latter frequently tinted to match the gown, and the ornamentation has gained in favor.

Speaking of elaboration, it may be interesting to notice that blossoms and leaves are made of chiffon velvet, taffeta and even organdie.

OF INTEREST TO WOMEN

Serge and foulard are much combined.

Taffeta frocks have snugly fitting bodices.

Entire lace dresses in brown, gray and henna are very good.

The surplice bodice worn with a fichu is quaint and very smart.

Hand-painted flowers bloom on some of the newest sport suits. Their delicate tints suggest nothing so much as dresden.

Things that stand out in fashions for children are the straight line, the very short skirt and the sleeves which almost aren't.

For millinery, jet and steel ornamental novelties are being shown. Large medallions of solid sheets of jet are fringed with strings of jet or steel beads.

Among the Parisian conceits are round small pocketbooks which are not unlike a flower. The handles are clever imitations of stems and the purse itself is the flower. Blue corn flowers are used for the exteriors of some of them, with mauve silk as the lining. They are effective with summer frocks.

Braided.

Burnt orange velvet baby ribbon woven or braided is forming the crowns of a number of velvet hats.

CZAR FERDINAND MAKES ATTEMPT TO REGAIN THRONE

EFFORT WAS MADE LAST THURSDAY BUT FAILED—SON BORIS IS NOW CZAR

(By United Press)

Athens, Aug. 9.—Former Czar Ferdinand, of Bulgaria, has failed in his spectacular effort to return from exile and resume his throne, it was earned today. The attempt was made last Thursday.

Ferdinand, despite the extensive plot of his supporters in Bulgaria, was halted at the border and compelled to leave the region. Opponents of Boris, he third, Ferdinand's son, took a lead in the plot for the return of the former monarch. They secured followers by conducting a quiet propaganda on cost of living, unrest in Balkans, and failure to obtain extensive help from the allies.

TRUNK HIGHWAY PATROLS SUCCESSFUL

St. Paul, August 9.—Travelers on Minnesota trunk highways today are finding considerably more than half the mileage of the system in good condition and the remainder, with a few exceptions, fair or better than fair.

The statement is based upon the weekly road condition bulletin issued today by the Minnesota highway department, and compiled from reports from superintendents in every district.

"Trunk highway patrolling is beginning to show results," asserted W. F. Rosenwald, chief maintenance engineer in the highway department, after a 300-mile investigation tour by automobile. "There is no apology to be made, save for some of the detours carrying heavy traffic and a number of sections on which it is being found difficult to secure competent patrolmen."

The bulletin as affecting Brainerd roads states:

No. 2.—Fair, Carlton to Moorhead. In detail Carlton good, McGregor rough, construction, good, Aitkin good, Brainerd sandy, Motley sandy, Staples good, Wadena good, Detroit good, fair, Moorhead.

No. 18.—Good, Elk River, Milaca and Brainerd. In detail Elk River fair, detour good Princeton good, Milaca good, Onamia good, Garrison good, Brainerd.

No. 19.—Good, Brainerd, Walker and Cass Lake. In detail Brainerd good, Pine River good, Walker construction, Cass Lake.

No. 27.—Good, St. Cloud, Little Falls and Brainerd. In detail St. Cloud detour good, Royalton good, Little Falls good, Fort Ripley good, Brainerd.

No. 35.—Aitkin, Range Towns and Ely. In detail Millie Laes Lake good, Aitkin good, Hill City fair, Grand Rapids fair, Nashwauk good, Hibbing good, Chisholm good, Buhl good, Virginia good, Glibert fair, good, Biwabik good, Aurora good, Tower good, Ely.

The complete bulletin is on file in the Dispatch office, where tourists may examine it.

The Kromargraphe.

There has been invented in Europe a music typewriter called the kromargraphe. With the aid of this instrument, it is said, the composer may produce a typewritten scroll without the trouble of making the characters by hand. All that he has to do is to place himself at the piano and give free play to his creative fancies. Every stroke upon the keys is registered in regular musical character upon a paper scroll wound upon a drum. The machine operates through a system of electric contacts with the piano keys. The registering apparatus, which resembles an ordinary typewriter in size, may, in order to remove discordant sounds, be placed at a distance from the piano, even in an adjoining room.—Christian Science Monitor.

Unwritten Rule.

Any soda clerk will tell you with disgust of the hesitation with which many customers order their drinks while he waits impatiently. That is why an uptown store has little roulette wheels at each table. Instead of numbers the hand turns to the various flavors and specialties.

"It seems to attract the young boys and girls, especially," said the manager. "They like to spin the wheel to see what to drink. It's an unwritten rule always to carry out the order to which the hand points. Luck is good to me when expensive specialties are drawn and bad, I suppose, for the fellow that pays the bill."—New York Sun.

LIVE THROUGH SILLY SEASON

Boys and Girls Can Be Trusted to Outgrow Natural Foolishness of Their Early Years.

A man is old when he begins to be irritated by the folly of youth. The old man of, say, forty years, has little patience with the boys and girls of sixteen. He is convinced that the girls are without sense, and he is persuaded that they never will have any sense. No ideas illumine their conversations. "I'll say he did," they will remark; or "I'll tell the world." Endless chatter; endless repetition of the slang phrases of the day; endless giggling. He forgives them, however, because of the luster of their eyes and the soft freshness of their cheeks.

The boys he cannot forgive. The boys are not beautiful; they are awkward and ungainly; their voices occasionally miss on one cylinder; they are filled with a desire to show off; they brag; they feel their biceps and wish to be wicked; they are proud of their new-found voices, and strive to give the impression that they are bad guys and dangerous to fool with.

The old man is convinced that they will all go to the devil. He thinks they will all be hanged, and rather hopes they will. But they are not. Considering the variety and extent of the temptations our civilization offers, a surprisingly small number of boys grow up to be hanged. They have their silly season—their season of taking pride in things that are not wholly respectable—and then they settle down to become old men and criticize the next generation.

The father who is old loses sleep in the fear that his boy will not turn out all right. He forgets that he was that same kind of boy, and if he, having made a poor start, was able to become the wonderful creature he now is, what reason has he to believe that a son of his will fail to do as well? The saplings are green and worthless, but they all develop into seasoned timber if they are not cut down or denied an opportunity to develop.—Baltimore Evening Sun.

Arrow Deadly as Bullet.

A mounted Indian or white man with bow and arrows sometimes could kill more buffaloes than a man could kill with a rifle, says the American Forestry Magazine. At close range the arrow was as deadly as the bullet. It made less noise, and arrows could be discharged three or four times as rapidly as bullets from muzzle-loading guns.

GET YOUR PRIZE

RAILROAD CREDIT BILL ADVOCATED

HEAD OF THE WAR FINANCE CORPORATION SAYS IT WILL PRO-VIDE JOBS FOR ONE MILLION MEN

By L. C. MARTIN.

(Staff Correspondent United Press)

Washington, Aug. 9.—Jobs for one million idle men will be provided if congress passes the administration railroad credit bill, Eugene Meyer, head of the war finance corporation, declared today before the senate interstate commerce committee in opening hearing on the bill.

It would put 200,000 men immediately at work making railroad equipment he said, and by creating a greater demand for fuel and other material would gradually result in reopening of industries at present closed or operating on a reduced basis.

Chair Silencers.

In rooms where the floor is not covered with a soft carpet the moving of chairs is often the cause of a good deal of noise. The trouble may be remedied in this way: From thick felt cut small rounds to glue on to the feet of the chairs. These can be secured from an old hat or cut from an odd piece of floor covering. The chairs can then be moved about quietly even on the hardest floors.

They have their silly season—their season of taking pride in things that are not wholly respectable—and then they settle down to become old men and criticize the next generation.

The father who is old loses sleep in the fear that his boy will not turn out all right. He forgets that he was that same kind of boy, and if he, having made a poor start, was able to become the wonderful creature he now is, what reason has he to believe that a son of his will fail to do as well? The saplings are green and worthless, but they all develop into seasoned timber if they are not cut down or denied an opportunity to develop.—Baltimore Evening Sun.

Arrow Deadly as Bullet.

A mounted Indian or white man with bow and arrows sometimes could kill more buffaloes than a man could kill with a rifle, says the American Forestry Magazine. At close range the arrow was as deadly as the bullet. It made less noise, and arrows could be discharged three or four times as rapidly as bullets from muzzle-loading guns.

RAILROAD CREDIT BILL ADVOCATED

HEAD OF THE WAR FINANCE CORPORATION SAYS IT WILL PROVIDE JOBS FOR ONE MILLION MEN

By L. C. MARTIN,
(Staff Correspondent United Press)

Washington, Aug. 9.—Jobs for one million idle men will be provided if congress passes the administration railroad credit bill, Eugene Meyer, head of the war finance corporation, declared today before the senate interstate commerce committee in opening hearing on the bill.

It would put 200,000 men immediately at work making railroad equipment he said, and by creating a greater demand for fuel and other material would gradually result in reopening of industries at present closed or operating on a reduced basis.

Chair Silencers.

In rooms where the floor is not covered with a soft carpet the moving of chairs is often the cause of a good deal of noise. The trouble may be remedied in this way: From thick felt cut small rounds to glue on to the feet of the chairs. These can be secured from an old hat or cut from an old piece of floor covering. The chairs can then be moved about quietly even on the hardest floors.

Thorough Service

TAX REDUCTION POSTPONED

There will undoubtedly be a feeling of distinct disappointment throughout the country over the tentative decision of the House Ways and Means Committee on Saturday that no government taxes can be repealed this year. This decision, it is said, was reached following the recommendations of Secretary of the Treasury Andrew Mellon for increased taxation, which brought about a hot debate in the Senate, resounding with clamor for tightening the government pursestrings to a degree never before contemplated in the economy program.

Republican leaders however, are strongly of the opinion that if no taxes are repealed until January 1 next, the government fiscal situation will have improved so that no new taxes will be necessary to make up the loss through the repeal of the excess profits and soda water taxes, the reduction of the surtax rates, and the halving of the transportation tax.

In the meanwhile, let us have patience.

CONFIDENCE RETURNING

From every section of the country assurances continue to come that business and industry are finding a firm footing. While a great many cases contribute to this improvement all of which are entitled to generous credit, it is the consensus of opinion that the most potent factor is the restoration to business and industry of self-confidence and self-reliance. This is demonstrated by the fact that the independent-minded industries and concerns which early set about to solve their own problems are in a much more satisfactory condition today than those which were constantly taking their troubles to the government and asking for one form or another of assistance. The first thing President Harding's administration was obliged to meet and overcome in its dealing with the business and industrial affairs of the country was paternalistic idea of government that was implanted in the public mind and assiduously cultivated during the previous administration.

ASK FOR ANOTHER WAGE CUT

It is stated in authoritative railroad circles that further reductions in wages of railroad employees will undoubtedly be asked for soon by the roads. An application for a wage cut additional to the 12 per cent recently granted by the Railroad Labor board is said to be under consideration, and it is understood that the reduction to be asked for will be equivalent to the last increase granted the employees which was approximately 20 per cent. In all probability however, the full amount of the reduction asked for will not be granted by the board. The railroad officials scout at the idea of a general railroad strike this fall.

The United States Reclamation Service will on Sept. 9 open to entry to all honorably discharged soldiers, sailors, nurses and marines irrigated farm units of 80 acres each of irrigable units of 80 acres each of irrigating, and on Sept. 16 irrigated farm units of 80 acres each will be opened to entry to ex-service men in Park county, Wyoming. Chas. S. Hall, the state commissioner of immigration, says "no better land lies out-doors," and declares that each of these units is worth \$8,000.

A most encouraging "straw" showing the upward business trend is the statement of the Federal Reserve Board issued Saturday night of an increase of business of more than \$1,000,000,000 for the week. All leading business centers in the country except Cleveland shared in the increase. The increased volume of business, the statement said, amounted to 16 per cent for the week.

The fear that has been expressed that the farmers would hold their wheat in an endeavor to force a ficti-

tious price is apparently wholly unfounded. A report issued by the American Railway Association shows that grain and grain products are moving in greater volume than at any time within the last three years.

The men in charge of our government today are going about their task in a thoroughly business-like manner. They have the good sense to acknowledge their own limitations and the honesty not to claim to be miracle workers.

An encouraging improvement in the crop outlook over the Northwest has been brought about through the cooler weather conditions of the last few days.

AMUSEMENTS

Pictures at the New Park Big Hit
Last night the audience at the New Park viewed another of those perfect programs. Thomas Santschi in "The Impostor" brought to the screen another delightfully entertaining play, and Bryant Washburn in "Burglar Proof" took the crowd by storm. For an all around pleasant entertainment this is the best bet for real enjoyment offered for some time, as any of the last night's audience will state. There is nothing but real humor and entertainment in this laughable feature. It will be repeated today so come and have a good evening's entertainment.

Tomorrow Maurice Tourner offers his latest drama "Deep Waters" from the novel "Caleb West, Master Diver," a thrilling tale of the sea.

At the Lyceum Theatre

Alice Calhoun, Vitagraph's newest star, was first seen in a film drama scarcely more than a year ago. She gained popularity rapidly, and her promotion is largely the result of pleas in letters from motion picture patrons to Vitagraph.

Alice Calhoun appears in the stellar role of "Princess Jones," a stirring romantic comedy drama by Joseph Franklin Poland, visualized as a Vitagraph production, which opened at the Lyceum theater last night, and is being repeated again tonight.

There is nothing half so laughable as love's young dream—when Larry Semon is the lover in one of his own sprightly comedies. "The Suitor," a new Larry Semon comedy, presented at the Lyceum theater last night kept the audience in a continuous roar of laughter, as mishap after mishap befell the ardent and irrepressible swain portrayed by the popular comedian.

At the Lyceum Tomorrow

Robert McKim, Claire Adams, King Baggot and a well-assembled cast in the Benjamin B. Hampton picturization of "The Dwelling Place of Light," acknowledged by critics to be Winston Churchill's best novel, will be seen at the Lyceum theatre two days starting tomorrow, Wednesday.

Bible's Middle Verse.

The middle verse of the Bible is the 8th verse of the 118th psalm, and reads: "It is better to take refuge in Jehovah than to put confidence in man."

THE HUMAN BODY

Your body has nothing in common with many things recommended to improve health. Study the matter out, think it over, then act.

GIGANTIC FEATURE IS ADDED TO BIG CIRCUS

Ringling Bros. and Barnum & Bailey Program Includes Europe's Great Wild Animal Show

With Europe's biggest trained animal show as one of many splendid features, the Ringling Brothers and Barnum & Bailey Combined Shows will exhibit afternoon and night at St. Cloud, Friday, August 26.

This marvel circus of 1921 offers the greatest congress of attractions in history. Without eliminating any of the thousand thrills produced by hundreds of the most skillful men and women performers, the Ringling Brothers have added, without additional charge, the most sensational of wild beast displays. Not only will you see the artists who occupy the three rings, five stages, the great hippodrome track and the aerial rigging in the tent top—but four spacious steel arenas filled with wild beasts as well.

Tigers riding peacefully on the backs of elephants, black maned African lions springing to and from galloping horses, great troupes of polar bears walking ropes or playing at see-saw, leopards jumping through hoops of fire—these are some of the marvelous things that these wonderful animals do. While these beautiful creatures are under absolute control, they are presented only in great arenas of steel. Elsewhere in the main tent you will see camels performing much after the fashion of horses—an act never before presented anywhere. There are five troupes of trained seals, whole beives of remarkable dogs, monkeys, pigs and pigeons. Twenty-six elephants will perform at one time. Others will do tricks at the top of high pedestals and other circle the entire tent, kicking footballs as they go. Splendid groups of trained stallions, Shetlands and menage horses form another feature. Aside from the dumb actors are fully 600 men and women stars, and nearly 100 colons. A gorgeous tournament opens the program. The menagerie, which is entirely separate from the animals used in the circus performance, is the biggest ever traveled.

HAROLD KNUTSON IN BRAINERD TODAY

Congressman of Sixth District Attended Indian Parley at Bemidji on August 6th

DRAINAGE MATTERS UP TOO

Inspected Proposed Site for Big Dam to be Erected by Government For Control of Waters

Harold Knutson, congressman of the sixth district, was in city today on his way from Bemidji to St. Cloud.

The hearing which he attended at Red Lake Saturday sought to establish consolidated Indian headquarters for Minnesota, as well as to make allotments on the Red Lake reservation and opening a part of the reservation for settlement.

The proposition of obtaining railroad facilities for that part of the reservation south and west of Red Lake was considered.

Commissioner Burke of the Indian department at Washington presided and Congressman Knutson took an active interest in the proceedings. He also investigated drainage matters.

He inspected the proposed sites for the big dam which is to be erected by the federal government for the control of waters of Red lake and the Red Lake river.

The congressman spent a short time in Brainerd and renewed acquaintances with his many friends. He left on the afternoon train for St. Cloud.

Congressman Knutson will return to Washington on next Thursday morning.

Club Owners Worried by Decrease in Attendance

By Henry L. FARRELL
(United Press Staff Correspondent)
New York, August 9—Club owners are beginning to get concerned over the decrease in attendance at the major league ball yards.

The 1921 season got away well and until the first of June the crowds equalled the record breaking attendance of 1920. Then the slump came.

The Polo Grounds where the two New York clubs make their home, has been given unmistakable evidence that interest in the national pastime is falling off. Crowds of 5,000 and less now sit on the daily games where 10,000 were only fair last year. This, too, despite the fact that both the Giants and the Yanks are up in the race.

Some of the wise followers of the game blame the slump on the "lively ball," which is making the games much longer and less interesting. It is a fact that where games last year used to be played in an hour and a half to two hours, nine innings now run much longer and spectators begin to file out to the subway and the elevated around the seventh inning.

Others maintain that baseball was lucky to be so late in getting a wallop by a general business slump. It seems more reasonable to believe that the fans are staying away from the parks because they have other places for a dollar. The tight financial condition of the country is shown in the bleachers. During times of prosperity the bleachers are almost deserted on the Polo grounds but it has been noticeable lately that the seats out in the sun are more popular than the higher priced seats in the grandstand.

Baseball and the theatrical world have a lot in common in New York. The same element that fills the theaters swells the crowds at the baseball games. There is a lot of significance in the fact that the gay white way in the "Forties" is having the same slump as the Polo grounds.

"The Follies" is the only show on Broadway doing good business. Other shows are playing to half-houses every night. Tickets are available for every show in New York, but the famous "Folly" show at a cut-rate ticket agency, where the managers dispose of tickets below the box office price.

It means nothing that Rex Richard gets \$1,600,000 from 90,000 spectators who saw the Dempsey-Carpentier fight. Such a sport spectacle will draw a crowd any time in any place near such a nest of population.

It is not generally known, however, that Richard, seeing the slump in baseball and around the theaters, was a rather worried person just previous to the fight. His tickets weren't going, and as late as eleven o'clock on the morning of the fight he wasn't sure that he was going to have enough fans in the big stadium to give him even a slight return for all his time and trouble.

A Humorist Born,
Western Paper—Mr. and Mrs. Bronson are rejoicing in the birth of a laughter.—Boston Transcript.

CARNIVAL ON FULL BLAST TONIGHT

All the Riding Devices, Shows Home and Outside Talent to be Given This Evening

STREET SPRINKLER ON MIDWAY

Merry-Go-Round, Aeroplane Glide, Ferris Wheel are Well Patronized—Crowds Increasing

Little Giant shows and Home Town Carnival combined will open all attractions to the public tonight. The merry-go-round, Ferris wheel and aeroplane swing together with the Athletic show and Bowery dance opened last night for a time and were well patronized.

The street sprinkler is sprinkling down the carnival Midway today and patrons of the shows will not be bothered with dust this evening.

The Athletic show bids fair to be one of the best that ever visited Brainerd. "Blackie" Clark went into the ring and stayed with the widely advertised "Bruno" for the required time of 5 minutes, after which "Buck" Schief was able to stay with the tired man for a like period of time. Local wrestlers are asked to come to the grounds and challenge "Bruno" or "Marvin" who is a heavyweight.

Tentage for the Home Shows arrived in town this morning and will be on the show grounds at noon. Everything will be in readiness this evening for a big celebration.

CHAMBER COMMERCE POSTPONES MEETING

On account of the carnival this week, the regular meeting of the Chamber of Commerce has been postponed from Wednesday, August 10, to Wednesday, August 17th.

The Philippines act has been staged by the Chamber and is attracting much attention at the carnival.

NO REDUCTION IN DISCOUNT RATE

FEDERAL RESERVE BANK DECIDES AGAINST REDUCTION AT THIS TIME

(By United Press)

Minneapolis, Aug. 9—Directors of the ninth federal reserve bank have decided against a reduction of discount rates at this time.

"We owe other reserve banks between \$10,000,000 and \$11,000,000 at the present time," R. A. Young, governor of the bank, said today. "If we paid off this indebtedness our reserve position would be only twenty-five per cent. The law requires us to keep it around forty per cent."

"Until there is some liquidation in the northwest it will be impossible for this bank to reduce the discount rate below six and one half per cent. Some of the other banks with better reserve position have reduced rates. We have been in debt for about sixteen months and there is some probability that we will have to go further in debt to help move the present crop."

"If the crop is moved in an orderly manner there will be a complete liquidation this fall and by December we should be in a position to take further action."

The directors decided on Monday against reducing discount rates now.

BRAINERD'S ODDEST STORIES TODAY

Art Lagerquist was out raising money to put up a regular sign at Sixth and Laurel to aid tourists. The need of it was illustrated when a passing tourist "chipped in" 15 cents to get the sign.

Somebody started out to paint the town and left his brushes near the county jail. When Sheriff Claus A. Theorin got up this morning and took a look in the back yard, there was a sample case plumb full of brand new brushes where there was no paint in evidence.

At the depot today was President W. H. Gemmell's inspection car driven by gasoline. It skims along the line as fast as anything on wheels. President Gemmell motored to Bemidji in the morning.

E. A WHITE WAS SENTENCED TODAY

Man Charged With Stealing Imgrund Buick Faces Indeterminate Sentence of 1 to 5 Years

TO STILLWATER PENITENTIARY

White is First Man to be Sentenced in the New Court House by Judge W. S. McClenahan

Edward R. White, charged with stealing a Buick automobile from the Imgrund Auto Co., was sentenced at 11:15 a. m. Tuesday in the new court house by Judge W. S. McClenahan. He gets an indeterminate term at Stillwater ranging from one to five years.

"You're the first man to be sentenced in the new court house," whispered Sheriff Claus A. Theorin to the prisoner.

"Well, that's something," said White in answer.

Questioned by Judge

Judge W. S. McClenahan questioned the man for almost an hour. White confessed he was also planning on stealing other cars.

He had his eyes on Clyde E. Parker's Stutz roadster.

"Why didn't you take it," asked the judge.

"He wouldn't get out of the car to let us get near it," said White.

Wanted in Iowa Too

Early Tuesday morning Sheriff Theorin answered a telephone call from the sheriff at New Hampton, Iowa.

"Have you got a man named White, tall fellow, slender build?" asked the Iowa sheriff.

"Yes," said Sheriff Theorin. "Hold him for me," said the Iowa sheriff. "He's forged half a dozen checks in our neighborhood."

Sheriff Theorin then explained that Crow Wing county got White first on the charge of stealing a car and was about to take him to Stillwater.

Bethlehem Lutheran Church
The Augsburg Gospel Team will have two services tomorrow (Wednesday) at 3 and 7:30 o'clock p. m. at the Bethlehem Lutheran church.

At the Bethlehem Lutheran church they will have two services on Thursday at 3:30 and 7:30 p. m. Don't miss the opportunity of hearing the Gospel Team!

The services are conducted in the English language and everybody is cordially welcome.

AUTO THEFT RING CLAIMED UNEARTHED

Police of St. Paul Declare an Organized Gang Startling Twin Cities Has Been Broken Up

10 ARRESTS HAVE BEEN MADE

Car Found Which St. Paul Police Declare Belongs to Joseph Finberg of Brainerd

With ten arrests made in St. Paul, police there are confident they have broken up what appears to have been an auto theft ring in the Twin Cities.

Workings of this alleged ring were revealed to the police in confessions said to have been obtained from some eight of the ten accused held at police headquarters.

Two of the ring were arrested for stealing a car from F. G. Oster of St. Paul.

Early Saturday, four others were added to the list. Oscar Jordan, 223 South Eighth street, Minneapolis, was taken on University avenue, after he had fled from a speeding automobile in which he and two others were riding.

The machine, police declared, was stolen from Joseph Finberg at Brainerd.

SWEENEY SAYS---

We are now showing a very complete line of high-grade hammers.

There has been a very substantial drop in price, in fact the high grade hammers are now selling below the price of poor ones a few months ago.

Merry-Go-Round, Aeroplane Glide, Ferris Wheel are Well Patronized—Crowds Increasing

Little Giant shows and Home Town Carnival combined will open all attractions to the public tonight. The merry-go-round, Ferris wheel and aeroplane swing together with the Athletic show and Bowery dance opened last night for a time and were well patronized.

The street sprinkler is sprinkling down the carnival midway today and patrons of the shows will not be bothered with dust this evening.

The Athletic show bids fair to be one of the best that ever visited Brainerd. "Blackie" Clark went into the ring and stayed with the widely advertised "Bruno" for the required time of 5 minutes, after which "Buck" Schiefel was able to stay with the tired man for a like period of time. Local wrestlers are asked to come to the grounds and challenge "Bruno" or "Marvin" who is a heavyweight.

Tentage for the Home Shows arrived in town this morning and will be on the show grounds at noon. Everything will be in readiness this evening for a big celebration.

CHAMBER COMMERCE POSTPONES MEETING

On account of the carnival this week, the regular meeting of the Chamber of Commerce has been postponed from Wednesday, August 10, to Wednesday, August 17th.

The Philippines act has been staged by the Chamber and is attracting much attention at the carnival.

NO REDUCTION IN DISCOUNT RATE

FEDERAL RESERVE BANK DECIDES AGAINST REDUCTION AT THIS TIME

(By United Press)

Minneapolis, Aug. 9.—Directors of the ninth federal reserve bank have decided against a reduction of discount rates at this time.

"We owe other reserve banks between \$10,000,000 and \$11,000,000 at the present time," R. A. Young, governor of the bank, said today. "If we paid off this indebtedness our reserve position would be only twenty-five per cent. The law requires us to keep it around forty per cent."

"Until there is some liquidation in the northwest it will be impossible for this bank to reduce the discount rate below six and one half per cent. Some of the other banks with better reserve position have reduced rates. We have been in debt for about sixteen months and there is some probability that we will have to go further in debt to help move the present crop."

"If the crop is moved in an orderly manner there will be a complete liquidation this fall and by December we should be in a position to take further action."

The directors decided on Monday against reducing discount rates now.

BRAINERD'S ODDER STORIES TODAY

Art Lagerquist was out raising money to put up a regular sign at Sixth and Laurel to aid tourists. The need of it was illustrated when a passing tourist "chipped in" 15 cents to get the sign.

Somebody started out to paint the town and left his brushes near the county jail. When Sheriff Claus A. Theorin got up this morning and took a look in the back yard, there was a sample case plumb full of brand new brushes. There was no paint in evidence.

At the depot today was President W. H. Gemmell's inspection car driven by gasoline. It skims along the line as fast as anything on wheels. President Gemmell motored to Bemidji in the morning.

E. A WHITE WAS SENTENCED TODAY

Man Charged With Stealing Ingrand Buick Faces Indeterminate Sentence of 1 to 5 Years

TO STILLWATER PENITENTIARY

White is First Man to be Sentenced in the New Court House by Judge W. S. McClenahan

Edward R. White, charged with stealing a Buick automobile from the Ingrand Auto Co., was sentenced at 11:15 a. m. Tuesday in the new court house by Judge W. S. McClenahan. He gets an indeterminate term at Stillwater ranging from one to five years.

"You're the first man to be sentenced in the new court house," whispered Sheriff Claus A. Theorin to the prisoner.

"Well, that's something," said White in answer.

Questioned by Judge

Judge W. S. McClenahan questioned the man for almost an hour. White confessed he was also planning on stealing other cars.

He had his eyes on Clyde E. Parker's Stutz roadster.

"Why didn't you take it," asked the judge.

"He wouldn't get out of the car to let us get near it," said White.

Wanted in Iowa Too

Early Tuesday morning Sheriff Theorin answered a telephone call from the sheriff at New Hampton, Iowa.

"Have you got a man named White, tall fellow, slender build?" asked the Iowa sheriff.

"Yes," said Sheriff Theorin. "Hold him for me," said the Iowa sheriff. "He's forged half a dozen checks in our neighborhood."

Sheriff Theorin then explained that Crow Wing county got White first on the charge of stealing a car and was about to take him to Stillwater.

Bethlehem Lutheran Church

The Augsburg Gospel Team will have two services tomorrow (Wednesday) at 3 and 7:30 o'clock p. m. at the Bethlehem Lutheran church.

At the Bethlehem Lutheran church they will have two services on Thursday at 3:30 and 7:30 p. m.

Don't miss the opportunity of hearing the Gospel Team!

The services are conducted in the English language and everybody is cordially welcome.

AUTO THEFT RING CLAIMED UNEARTHED

Police of St. Paul Declare an Organized Gang Startling Twin Cities Has Been Broken Up

10 ARRESTS HAVE BEEN MADE

Car Found Which St. Paul Police Declare Belongs to Joseph Finberg of Brainerd

With ten arrests made in St. Paul, police there are confident they have broken up what appears to have been an auto theft ring in the Twin Cities.

Workings of this alleged ring were revealed to the police in confessions said to have been obtained from some eight of the ten accused held at police headquarters.

Two of the ring were arrested for stealing a car from F. G. Oster of St. Paul.

Early Saturday, four others were added to the list. Oscar Jordan, 223 South Eighth street, Minneapolis, was taken on University avenue, after he had fled from a speeding automobile in which he and two others were riding.

The machine, police declared, was stolen from Joseph Finberg at Brainerd.

SWEENEY SAYS---

We are now showing a very complete line of high-grade hammers.

There has been a very substantial drop in price, in fact the high grade hammers are now selling below the price of poor ones a few months ago.

Raising the Family-

ALWAYS ON GUARD

Superstitious Bulgarians Dread Spirits of Evil.

Observe Many Odd Customs Which They Believe of Immense Importance to Their Welfare.

Are you one of those who will not walk under a ladder, raise an umbrella in the house or spill the salt without casting a few grains over your shoulder? If you believe in these or the kindred superstitions fast dying out in this country, you will feel a degree of kinship with the average Bulgarian peasant. For there are so many things a Bulgarian may not do, writes Temple Manning, in the Cleveland Plain Dealer.

Among the many customs of rural Bulgaria, to neglect which is considered unlucky and even sinful, are the following: To bring flour into the house and neglect to fumigate it with special incense. This must be done to drive out of the flour any demon which may have entered the sack.

When the housewife or her daughter goes to the spring for water, she must not neglect to spill a little on the ground before even starting with the pail for the house. This is done to turn out any elemental spirit which has been scooped into the pail. If it isn't done the spirit may take up its abode in the house, and may even enter the body of one of the family who drinks the water.

If you are asked to sell a loaf of bread you must not part with it without first having cut or torn off a small piece from an end. The spirit that has helped you make the bread must be given a chance to fly out of the loaf and still linger in the house he loves.

Under no circumstances may you give a child a spoon to play with. I do not know just why you may not do this, but it is considered exceedingly unlucky.

Nor can I account for the belief which is common in some far farming sections of Bulgaria, that it is very unlucky to give a child under seven years of age a bath. The child may wash itself, but that is its own lookout. The mother may wash the child a little also, but not give it a bath all over at one time.

Imagination easily accounts for the prohibition against cleaning a stable, selling milk, fetching water or doing any of the many other farm duties after darkness has fallen.

But how is one to account for the Bulgarian belief that to permit a dog to sleep on the roof of a house will disturb the rest of the dead members of the family?

These and countless other superstitions rule the daily work and habits of old Bulgarians and the youths who live and work in many a shut-in section of that hilly land.

Bitter Joking.

Ellnor Glyn, the novelist, was talking to a reporter about her long visit in Spain.

"The death rate for babies is fearful in Spain," she said. "If it were not for that sad fact the world would soon contain more Spaniards than Chinese; for the Spanish are a remarkably prolific race. Families of 15 and even 20 children are not uncommon among them."

"But these children die off in their infancy because their mothers are so very ignorant of hygiene. I once heard two Spanish doctors joking—joking bitterly, you know—about this maternal ignorance which does so much harm."

"Yes," said the first doctor, "Donna Pilar's new baby died off, off, of course. At the age of two months she was feeding it on pork, cheese and wine."

"Pork, cheese and wine—a good diet, that, for a two-months' old baby," said the second doctor. "The rich Romans, though, have a better one for their youngster. They give it for dinner every evening a brace of chops, fried potatoes, sweet pudding and a stiff whisky and soda, with coffee, liqueur and a good strong Havana cigar to follow."

Aviation Marvel Found.

An airplane capable of landing without the need of a large aviation field, able to rise without a long run before, able to travel more than 300 miles an hour and, if necessary, to meander along at but a few miles an hour, is announced as the invention of an Italian engineer, Eppaninonda Bertucci of Rome.

The inventor claims that he already tried out the machine on a small scale and regards his first experiments as in-

dicative of the success of the invention. The new machine is primarily intended for aerial war chasing and is to be armed with a machine gun. It is a monoplane.

Remedy for Ants.

Here is a helpful paragraph in a New York paper: "To rid the pantry shelves of red ants, wipe them with denatured alcohol every few weeks." Now, how are you to catch the ant and give him that alcohol bath? The cursed little things just won't stand still.—Jackson News.

The Crowning Aggravation.

To make matters worse, when your collar is wilted; when you vacillate between a desire to commit suicide and a desire to throw up the job and wander off to some cool mountaintop to rest, in pops the coal man to say: "Buy your winter fuel now."—Louisville Courier-Journal.

LIKE IN "FLANDERS FIELDS"

Poppies Bloom in Kearney, N. J., in Soil That Was Transported From Beautiful France.

"In Flanders fields the poppies grow," but not only in Flanders fields. Over in the Federal Shipbuilding company's yards in Kearney, N. J., French and Belgian poppies bloom with the same brave colors they showed on the battlefields overseas. How did they get there? Well, that's a long story.

Remember when our troop ships were speeding over the waters guarded by swift destroyers? And when other vessels were making the trip carrying food and other supplies to the brave artists overseas? Well, no troops were homeward bound in those days, but the vessels did not come back with empty holds.

Instead as ballast they used soil from Belgium and France.

What to do with this ballast when

the ships touched New York was a problem until officials of the shipbuilding concern in Kearney asked for the soil for filling in purposes. As a result more than 100 large loads were transferred from transports docked in Hoboken and carried to the yards, where the soil was used to fill a sort of trench caused by the removal of a pipe line. And there the poppies have been blooming for more than a year unforced, except now and then by a passing ship worker. They have flourished in their transplanted home perhaps because they are used to trench life.

Internalized with the blood-red poppies are French daisies, their petals blunter than the American variety, and with several blossoms growing from each stem. Probably these newcomers would still be unnoticed if the other day some one hadn't stopped the young son of the shipyard's chief of police to ask where he picked his scarlet nosegay.

"These?" remarked the boy, holding the flowers out for observation. "Oh, these are Belgian poppies that grew wild down in my father's yards. Want to get some? I'll show you."

WONDERS FOUND IN NUMBERS

Although Undoubtedly an Exact Science, They Are in Many Ways Full of Imagination.

All things are full of wonder, but what is more wonderful than numbers? Who discovered them, or can they boast an existence before the world was, with the Ancient of Days? At the first awakening of human knowledge numbers were there, for there can be no gathering together nor any separating, no collection and no distribution, without numbers. They stand hovering over all, prototype of eternal law.

Numbers are said to be an exact science and to deal with facts which cannot lie; yet how full of imagination they are, as viewed in the geometrical

exactness of the snowflake, determining the turn of the tides, the changes of the moon, the procession of our days and the return of the seasons in the vale of the years, May Stranathan writes in the Pittsburgh Dispatch. They are the measure of our three dimensions and, should time be discovered to be our fourth dimension, as some prophesy, there numbers are found also.

How Was He to Know?

The most embarrassing moment in my life came when I was a junior in high school. As in the case of most boys of that age, I had a girl friend I escorted to and from various events. One evening we attended a lecture given by a prominent lawyer. After

it was over I took the girl home and we went into the library to study for an exam. Soon her parents arrived and were taking their wraps off in the hall when her mother called to us and asked us how we liked the lecture.

I immediately spoke up: "Well, I didn't think much of it."

No sooner had the words been spoken than in walked the speaker with the rest of the folks. Unknown to me he was to stay at their home over night.—Chicago Tribune.

The True Question.

Everywhere in life the true question is, not what we gain but what we do.—Carlyle.

Too Much of a Good Thing

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried May's Wonderful Remedy, and am now entirely well." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Johnson's Pharmacy.

Avoid Being Irritant.

Some folks are just plain irritants. You don't know why it is you don't like them. But you surely don't like them. By word and deed they get under your skin and you feel mean at being so touchy. But it can't be helped—they irritate. Do your best to get beyond the irritation stage. You can put up with a lot when you train yourself to it. In the end you may find that part of the irritation belongs to yourself. Come on. Be a sport. Buck up.—Grit.

Credit Where Credit Was Due.

Many a man who wakes up to find himself famous would have overslept if his wife hadn't called him.—Wichita Beacon.

URIC ACID IN MEAT BRINGS RHEUMATISM

Says a Little Salt in Water May Save You From Dread Attack

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

Although Undoubtedly an Exact Science, They Are in Many Ways Full of Imagination.

All things are full of wonder, but what is more wonderful than numbers? Who discovered them, or can they boast an existence before the world was, with the Ancient of Days? At the first awakening of human knowledge numbers were there, for there can be no gathering together nor any separating, no collection and no distribution, without numbers. They stand hovering over all, prototype of eternal law.

Numbers are said to be an exact science and to deal with facts which cannot lie; yet how full of imagination they are, as viewed in the geometrical

exactness of the snowflake, determining the turn of the tides, the changes of the moon, the procession of our days and the return of the seasons in the vale of the years, May Stranathan writes in the Pittsburgh Dispatch. They are the measure of our three dimensions and, should time be discovered to be our fourth dimension, as some prophesy, there numbers are found also.

How Was He to Know?

The most embarrassing moment in my life came when I was a junior in high school. As in the case of most boys of that age, I had a girl friend I escorted to and from various events. One evening we attended a lecture given by a prominent lawyer. After

it was over I took the girl home and we went into the library to study for an exam. Soon her parents arrived and were taking their wraps off in the hall when her mother called to us and asked us how we liked the lecture.

I immediately spoke up: "Well, I didn't think much of it."

No sooner had the words been spoken than in walked the speaker with the rest of the folks. Unknown to me he was to stay at their home over night.—Chicago Tribune.

The True Question.

Everywhere in life the true question is, not what we gain but what we do.—Carlyle.

ADVERTISE IN THE DISPATCH

"In Every Respect" says the Good Judge

You get more genuine chewing satisfaction from the Real Tobacco Chew than you ever got from the ordinary kind.

The good tobacco taste lasts so long—a small chew of this class of tobacco lasts much longer than a big chew of the old kind. That's why it costs less to use.

Any man who has used both kinds will tell you that.

Put up in two styles

W-B CUT is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco

Weyman-Bruton Company, 1107 Broadway, New York City

What Is Your Daily Newspaper

A reporter of important events at home and abroad. It is that and more.

It is a directory of buying and selling.

It is the medium that brings together the man who has merchandise or a service, or anything else to sell—and the man who needs and wants these things.

By reading the advertisements in your newspaper you may find what you want with the least expense and in the least time.

And they may point out the fact that you needed many things the lack of which you never realized until you got them.

These benefits might never have been yours without the newspaper advertisement which first brought your need to your attention.

Read the advertisements in the newspapers regularly and thoroughly.

Too Much of a Good Thing

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Johnson's Pharmacy.

Avoid Being Irritated.

Some folks are just plain Irritants. You don't know why it is you don't like them. But you surely don't like them. By word and deed they get under your skin and you feel mean at being so touchy. But it can't be helped—they irritate. Do your best to get beyond the irritation stage. You can put up with a lot when you train yourself to it. In the end you may find that part of the irritation belongs to yourself. Come on. Be a sport. Buck up.—Grit.

Credit Where Credit Was Due.

Many a man who wakes up to find himself famous would have overslept if his wife hadn't called him.—Wichita Beacon.

URIC ACID IN MEAT BRINGS RHEUMATISM

Says a Little Salt in Water May Save You From Dread Attack

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.
